3036
- GRANİT

Colours on screen can differ from the real paint. Check the printed colour chart before you decide.

The colours of this PDF are made from the digital values of the colour chart. Printers and screens show colours differently, so the PDF is not a binding colour sample. Check the printed colour chart or a sample of the paint before you decide.

Textures and special effects (metallic, pearl, glitter ...) cannot be printed; only the reference colour is shown.
